

## CABINET ACTS ON BRIDGE MONOPOLY

Attorney-General Instructed to  
Look After Alleged St.  
Louis Trust.

WILSON MAKES A REPORT  
ON MEAT INSPECTION

Presents Plan for Packers to  
Pay for Extension of  
Service.

WASHINGTON, Oct. 6.—Several important questions were discussed at today's Cabinet meeting, although at the conclusion of the session it was announced officially that no details of the discussion could be made public. In fact, it was announced that hereafter no information would be given out by Cabinet officers of their semi-weekly meetings with the President, but that such information

as it was deemed proper for the public to have would be given to the newspaper men by Secretary Loeb.

### Penetrate the Veil.

Despite the injunction of secrecy, it is learned that action was taken on two or three important matters and that others were considered. The monopoly enjoyed by the Merchants' Bridge company of St. Louis of bridge and ferry routes across the Mississippi river was considered at length. The Attorney-General made the following statement of the action taken:

### Action Against Bridge Trust.

"It was determined by the President that upon the complaint pending in the Department of Justice against the monopolization of the two bridges and the ferry across the Mississippi into St. Louis, appropriate action should be begun by the Attorney-General."

### Cause Not Determined.

Mr. Moody said he could not say at this time what action he might consider appropriate. He did not know, he said, whether the action would look to the forfeiture of the charter of the Merchants' Bridge company or not, as he would have to go over the law bearing upon the matter before reaching any determination.

### Provides for Forfeiture.

The determination of the Attorney-General to bring suit is the result of Secretary Taft's investigation. It is understood that the suit will be based on an alleged violation of the anti-trust laws of the United States. The Congressional charter for the bridges provided for their forfeiture in case of a monopoly.

### Proceed Under Sherman Act.

Secretary Taft found that the violation of the law had not been sufficient to work a forfeiture, but suggested procedure, first, by bringing a mandamus suit against himself as Secretary of War in case any person felt aggrieved at his refusal to declare a forfeiture, or second, a suit under the anti-trust law. It is expected that Attorney-General Moody will proceed under the Sherman act.

Considerable attention was devoted by the meeting to consideration of questions arising from complaints of the Chinese Government that its subjects were unjustly discriminated against by the United States at the ports of this country. Secretaries Root, Taft and McKeef had given much time to this question, and with the President, they participated in the discussion.

### Won't Change Instructions.

After the discussion in the Cabinet regarding Chinese immigration to this country, it was determined that no changes or modifications in conflict with instructions to United States Consuls contained in the circular, issued several months ago by the President's direction will be made.

It was definitely decided that the management of the Isthmian canal should remain under Secretary Taft.

### Wilson on Meat Inspection.

Secretary Wilson brought to the attention of the President and Cabinet a determination he had reached regarding the inspection of meats. He indicated that under the law meat packers could not be forced to pay the cost of meat inspection. He had decided, however, that hereafter the packers should pay for the seals or tags placed upon inspected meats intended for export.

### Must Pay for Tags.

This will bring a revenue to the Department of Agriculture of nearly \$50,000 a year. This sum the Secretary proposes to expend in extending the inspection of meats to packing houses which have requested that they be given inspectors, but whose requests have not been complied with because the department had not the funds with which to pay the inspectors.

The idea of Secretary Wilson was approved by the Cabinet and it will be put into operation at once.

## LARAMIE SETTLES ITS LIGHT SQUABBLE

New Company Buys Old Plant  
and Will Proceed to Light  
the City.

### Special to The Tribune.

LARAMIE, Wyo., Oct. 6.—Controversy between the City Council and the Laramie Electric, Gas Light & Fuel company was settled this afternoon when Mayor J. B. McKee received a telegram from W. C. Sterne of Denver, agent for the owner of the franchise and contract, stating that the proposition of the Laramie company for the sale of the plant to Sterne had been accepted and the new concern will furnish light from the old plant.

### How Fight Began.

The fight began some time ago when the Council granted to Alfred E. Kelter of Indianapolis a franchise for thirty years and a city contract for ten years, and then began proceedings to oust the old company from business. Last week Manager Symons gave orders under notice from the Mayor to begin demolition of the plant and a section of the city embracing sixteen blocks, including fourteen private customers and Ninth street lamps, was placed in darkness, the poles and wire being removed.

At the meeting of the Council Tuesday night the Mayor was instructed to serve

notice upon Symons to remove his property from another section, but McKee had not done this when Sterne's message was received and the fight ended.

### Lights Will Be Restored.

Lights will be restored in the darkened part of the city and the new company will greatly improve the system, installing an alternating plant in place of the present direct current machines. Symons has been lighting the streets of the city for the past two years by agreement between his company and the Council, working without any franchise and with a contract covering from month to month. The old company has been paying enormous dividends and letting the plant deteriorate.

### MAILS WERE ROBBED

Postoffice Clerk Accused of Penchant  
for Jewelry.

NEW YORK, Oct. 6.—Charged with the theft of a decoy package containing a turquoise ring, Charles Tucker, a distributing clerk in the package department of the general postoffice, was arrested yesterday. Besides the ring Tucker had in his possession when arrested a valuable diamond brooch, a turquoise chain, a gold chain with heart locket and a Catholic prayer book, which was richly ornamented with gold.

Scores of complaints from prominent Maiden Lane jewelry firms that packages which they had sent through the mails had failed to reach their destination have been received recently by the postal authorities.

### Engine Kills Japanese.

RENO, Nev., Oct. 6.—A Japanese laborer named Sugi, who came here a few weeks ago from San Francisco, was killed in the railroad yards at Sparks last night. He was working around a switch engine when it started, carrying him against a box car and crushing out his life.

## POCATELLO EAGLES DEDICATE NEW HALL

Birds From Several States As-  
semble and Fairly Own  
the Town.

### Special to The Tribune.

POCATELLO, Ida., Oct. 6.—Yesterday was Eagle day in Pocatello. Train No. 10 brought a special car from Idaho Falls and Blackfoot and by 12 o'clock the city was overflowing with birds from every city in the State and Oregon, Montana and Wyoming.

The special occasion was the dedication of the new hall, which commenced at 2 o'clock, after which the work of initiating a class of fifty-five was done. The initiatory work, under Judge W. H. Hooper, State deputy grand president, A. F. Roullet, worthy past president, C. A. Boyd, worthy president, E. W. Mooney, vice-president, D. J. Elrod, worthy secretary, Jack L. Myers, captain of Degree Team, Dr. C. N. Rooker, acrole physician, and M. W. Edwidge, chaplain, was done in a very creditable manner. The Samms orchestra was present and rendered music while the Acrole band of twenty-four pieces and the Idaho Falls Acrole band of twenty-two pieces joined and rendered some excellent selections. At 9 o'clock the members and visitors met at the McNichols and Wright hall.

When you buy a Rain Coat ask for genuine "Cravenette"

Rain will neither wet nor spot the Cravenette

Be sure to look for this circular trade-mark stamped on the cloth, and this label at the coat collar or elsewhere.

REGD. TRADE MARK. RAIN. PROOF.
